

Snežana Mugoša MD, MSc, PhD, spec.

Managing Director of the Institute for Medicines and Medical Devices

Associate Professor at the Medical Faculty in Podgorica

Lecturer at the CRA Academy in Belgrade

Working experience

- **Institute for Medicines and Medical Devices of Montenegro – CInMED**
Managing Director 2022 –

Deputy Managing Director 2021 – 2022

Head of the Department for Clinical Trials and Medicines Safety and Efficacy Assessment in the Sector for Medicines and Medical Devices 2013 – 2021

Expert in clinical trials of medicines for human and veterinary use and assessment of non-clinical and clinical documentation for medicines placing on the market in the Sector for Medicines and Medical Devices 2012 – 2013
- **Lecturer at the Clinical Research Associate Academy (CRA)** 2013 –
Analysis of current regulatory solutions in the field of medicines and medical devices in the region and in the European Union; proposing solutions for improvement and further harmonization, i.e. transposition of European Union regulations, as well as requirements of ISO 14155 into local legislation; preparation of proposals for regulatory authorities
- **Centre for Cardiology, Clinical Centre of Montenegro**
Internal medicine specialist 2011 – 2012
Internal medicine resident 2006 – 2011
- **Medical faculty, Podgorica**
Associate Professor for the following fields: 2021 –
 - Clinical Pharmacy and Pharmacotherapy
 - Pharmacological group of medical subjects
Teaching Associate (as a lecturer) for the pharmacological group of subjects 2015 – 2021

Teaching Associate for the pharmacological group of subjects 2004 – 2015

- **Health Centre Podgorica, Institute for Emergency Medical Aid**

Internship doctor

2004 – 2005

Education

- **Doctoral studies**, Medical faculty in Podgorica (3 years), doctoral dissertation in Clinical Pharmacology and Therapy - "Analysis of risk factors for adverse reactions to medicines in cardiac patients", defended in 2015 (grade A)
- **Specialisation**, Faculty of medicine, University of Belgrade – Internal Medicine (4 years), specialist exam passed in 2011 (grade "excellent 5")
- **Master studies**, Faculty of medicine, University of Belgrade – Department of Clinical Pharmacology and Therapy (2 years), master's thesis – "Intensive monitoring of adverse reactions to medicines in hospitalized patients in the cardiology department: pilot project", defended at the Medical faculty in Podgorica in 2009 (grade A)
- **Medical faculty** in Podgorica, 2004. (average grade 9.69 – the highest in the generation)
- **High school „Stojan Cerović“**, Nikšić (the best student of the generation)
- **Elementary school „Olga Golović“**, Nikšić (the best student of the generation)

Other skills

- Advanced knowledge of English (C1)
- Basic knowledge of Russian
- Basic knowledge of Italian
- Advanced level of computer skills in the following programs: MS Office (Excel, Word, PowerPoint), Adobe Acrobat Reader, ACDS Photo manager, Internet (*European Computer Driving Licence*)

Trainings

- Expert with many years of experience in professional and management jobs in the field of regulation of medicines and medical devices
- Numerous trainings and courses in the field of clinical trials of medicines and medical devices, good clinical practice in clinical trials of medicines and medical devices, as well as assessment of efficacy and safety of medicines and medical devices, organized by regulatory authorities in the region and the European Medicines Agency
- Inspector of Good Clinical Practice certified by the European Medicines Agency
- Good practice in clinical trials of medical devices – application of ISO 14155
- Courses in the field of performing experiments on experimental animals at the Faculty of medicine of the University of Belgrade, organized by the Centre for Continuing Education
- Passed the professional exam for working in state authorities

Other activities

- **Scientific research**, primarily in the field of clinical pharmacology, pharmacotherapy, pharmacovigilance, pharmacoepidemiology and pharmacogenetics, with special emphasis on adverse reactions to medicines and their relationship with genetic factors, clinical trials and consumption of medicines and medical devices; results of scientific research published in prestigious international journals indexed on SCI/SCIE lists, as well as in the form of oral or poster presentations at a large number of national and international congresses

- **Lecturer at the Clinical Research Associate Academy (CRA)** in Belgrade in the field of regulation of medicines and medical devices, as well as at all conferences and courses organized by the CRA Academy
- **Member of** European Association of Clinical Pharmacology and Therapeutics (EACPT), Association of Clinical Research Professionals (ACRP), Association for the Improvement of Clinical Trials in Serbia (KLINIS) and member of the Good Clinical Practice Inspectors Working Group in the European Medicines Agency (GCP-IWG) during the realisation of IPA project
- Expert in Environmental Risk Assessment of pharmaceuticals, with experience in evaluating ecological risks of pharmaceutical substances in accordance with regulatory requirements (EMA and ICH).
- **International scientific projects:** Member of the Steering board and researcher in an international scientific project COST Action CA18217: *European Network for Optimization of Veterinary Antimicrobial Treatment (ENOVAT)* (2019-2023), Action Chair: Dr Peter Damborg, Department of Veterinary and Animal Sciences, University of Copenhagen, Copenhagen, Denmark; Manager in Erasmus+ project *Development and implementation of metacognitive problem-based modules in blended learning courses in medical sciences*; Member of the Steering board in the international scientific project COST Action CA23154 – *Environmental impact of anthelmintics in livestock and alternatives to minimize their use (ENVIRANT)*.
- **National scientific projects:** Researcher – doctoral student in the national scientific project *Analysis of risk factors for the occurrence of adverse reactions to medicines in cardiac patients* (2013-2015), mentor: PhD Zoran Todorović, holder: Agency for medicines and medical devices, Podgorica
- **Editing and reviewing activities:** Scripta medica, ISSN: 2490-3329, eISSN: 2303-7954; Frontiers in pharmacology, ISSN: 1663-9812
- **Expert editor** for the preparation of the Montenegrin version of the *acquis communautaire* appointed by the Office for European Integration
- **Member of** the Montenegrin Cancer Association
- **Member of** the Association for animal protection

Scientific-research work (selection)

Papers in scientific journals

1. Kovačević Z, Tomanić D, Šarić L, **Mugoša S**, Budinski K, Novaković D, Horvat O. Exploring pet owners' attitudes toward compounded and human approved medicines: a questionnaire based pilot study. *Vet Res Commun.* 2025; 49(2):64
