

NOTICE

SALE OF MEDICAL DEVICES OUTSIDE PHARMACIES AND SPECIALISED RETAIL STORES

Pursuant to Article 71 paragraph 4 of the Law on Medical Devices (“Official Gazette of Montenegro”, No. 24/19 and 84/24), the Institute for Medicines and Medical Devices of Montenegro publishes on its portal a list of medical devices that may be sold in other restricted retail outlets – outside pharmacies and specialised retail outlets.

The Institute shall issue decisions on registration of medical devices for the following groups of medical devices that may also be sold in other restricted points of sale:

- 1. Incontinence medical devices (adult diapers, pads, absorbent briefs, bed protectors, fixation nets for pads)*
- 2. Condoms and intimate lubricants*
- 3. Protective plasters*
- 4. Adhesive creams for dentures and denture cleaning tablets*
- 5. Toothpastes for sensitivity reduction and dental protection*
- 6. Hot water bottle*
- 7. First aid kits*

Institute for Medicines and Medical Devices shall, where necessary, supplement the list of groups of medical devices to include those not listed herein, for which it has been established that their sale at other restricted points of sale engaged in retail trade, in accordance with regulations governing trade, is possible and safe.
